

• Mission Update •

Tune to WEMI (91.9) every Sunday, 8:55 A.M. & P.M. for weekly mission updates.

FOOD FOR THOUGHT

It is amazing to see what God has provided. He calls us to feed His children and we thank you for helping to make that happen.

Since the start of International Children's Fund, our focus has always been on improving the lives of the world's poorest and most vulnerable people.

Our last newsletter had information about our recent food shipment to Liberia. The response we received was so overwhelming that we wanted to share more with you. We could not continue serving those in need without your generous help!

We received a container full of meals from Feed My Starving Children to respond to the growing humanitarian crisis in Liberia, Africa. Civil war and government mismanagement destroyed much of

Liberia's economy, especially the infrastructure in and around the capital, Monrovia. The security situation is still fragile and the process of rebuilding the social and economic structure of this war-torn country will take many years.

The people we serve are a generous, Godly people who have been trying to live peaceful lives and build futures for their children, just like people in America. Support from organizations like Feed My Starving Children and International Children's Fund will make a longstanding difference to the people of Africa.

Thank you for your support to help us send desperately needed food that will nourish their bodies and minds so they might grow and be able to make a difference in the world. Your kindness has made all the difference!

Pastor Gyamfi

We the Liberian Children appreciate all the efforts and support you have made to

us and to receive the packages and carton of foods.

We want to say thanks to all the donors and supporters to starving children in Liberia.

Thank you and God bless.

The food that was sent reached out to the VOA Starving Children Camp, Po River Starving Children Town, Jaytone Village, Buzzy Quarter Community and Goaweh Starving Children.

We felt over 1000 children were fed.

Pastor Gyamfi

UPCOMING EVENTS

Come & Visit or Sign up to Volunteer by calling (920) 729-5721:

▶ **ICF Brat Fry** at Pick-n-Save in Neenah, Fox Point on Friday, June 19th & July 24th

▶ **Country USA**, June 24th-28th

continued from Page 1

Pastor Momo Cole

I fed about one thousand five hundred children, and they were all happy rejoicing for the food. Some of the parents said this is our first time to see such a food distribution to reach in our Towns and villages. We want to say thanks to you and the Donors.

I have gone through ten villages and towns and I have seen more than fifteen thousand starving children.

*Thank you and God blessings,
Pastor Cole*

THE ELDERS REMARK

We have received the food the International Children's Fund USA has send us through Pastor Cole. All our children are happy and laughing.

We all are saying Dr. Bruening may God bless you, the ICF and the Donors, Feed My Starving Children.

We are saying this because after the fifteen-year war in Liberia, the war we are fighting now is "hunger" and you have fed us. We want you to know that even the elderly people benefitted.

Pastor Paasewe

The Living Word Community Church (Rural Ministries) and the children of Grand Cape Mount County are pleased to extend thanks and appreciation to the International Children's Fund and Feed my Starving Children for your continuous support to the war affected, street children, orphans and abandoned children of Liberia.

You can't imagine how useful and helpful this meal is to us and the rural children especially.

May our Lord Jesus Christ richly bless you.

*Pastor Boakai Paasewe,
Living Word community Church
Inc. Liberia*

Pastor Ralph Gelego

All I can say is THANK YOU all for the generous provisions of FOOD for children across

Africa. The food provided from "FEED MY STARVING CHILDREN" reached the shore of Monrovia, Liberia and has so much been appreciated by children at MBK (MY BROTHER'S KEEPER ORPHANAGE). A TOTAL NUMBER OF 51 persons including STAFF and Children eat 49 packets of the meal daily. The children statements always is "WE LIKE IT."

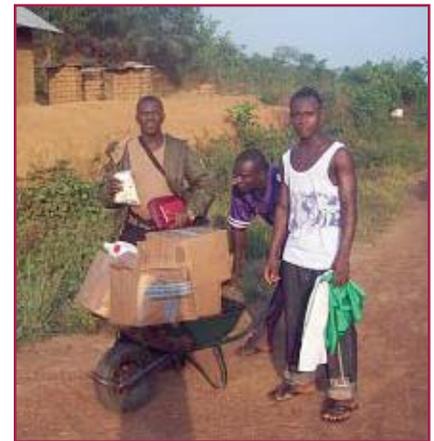

The packet of food is prepared by our cooks two ways

for now. They usually extract the mixtures and prepared soup directly that fits right on the rice. Then everyone consumes the food satisfactorily. At other times the food, a delicious meal, is cooked along with the mixtures as JOLOF RICE.

We at the orphanage planned distributing some of the food this weekend to few other orphanages in and outside of Monrovia.

Thanks to Feed My Starving Children and to International Children's Fund for the food supplies. We look forward in hope to receiving more in the future.

*We keep you all
always in our prayers.
Pastor Ralph Gelego*

INTERNATIONAL CHILDREN'S FUND PARTNERED WITH DONORS AND FEED MY STARVING CHILDREN TO HELP GOD'S STARVING CHILDREN IN AFRICA

International Children's Fund works to meet the desperate need of countless impoverished African children, pulling them away from the brink of starvation, disease and victimization.

We Take Stewardship Seriously!

The key to ICF's success is the ongoing financial support from caring partners like you. We consider each dollar you donate as a mandate for good stewardship. That's why we've been awarded a four-star approval rating by Charity Navigator, America's premier charity watch-dog group. That means 96 cents of every dollar you send to ICF goes directly to the point of need.

Please Keep In Prayer

****A smallpox epidemic broke out three weeks ago and there are now 61 cases of smallpox at a destitute orphanage near Kampala, Uganda.**

The director of the orphanage says that the doctors have advised health measures that they cannot afford to take. For one thing, the virus is known to remain in bedding, and each orphan should be sleeping in his/her own bed. The children currently sleep in triple-decker bunk beds with 2 or 3 kids to a bed.

The problem is that they do not have enough beds or sheets, and the beds that have been contaminated have to be discarded because they are considered biologically infectious waste. They urgently need donations so that they can buy 248 mattresses and two sets of sheets for each bed.

If you think that swine flu is bad, its ill effects are nothing compared to smallpox. Smallpox is a terrible disease that was supposedly eradicated in 1977, and it is a huge threat, because people no longer routinely receive vaccinations. It wiped out whole populations in the past, and left survivors pock-marked and/or blind.

**** Dear International Children's Fund Supporters,**

We are facing a trying movement in the Uganda, and in the world at large, so everywhere we need much prayers. As I write to you we are facing great starvation in the country. Millions of people have started dying of hunger due to lack of food, especially in Karamonja and the people in the refuge camps around there.

I am requesting that you still pray and stand with us.

Pastor in Uganda

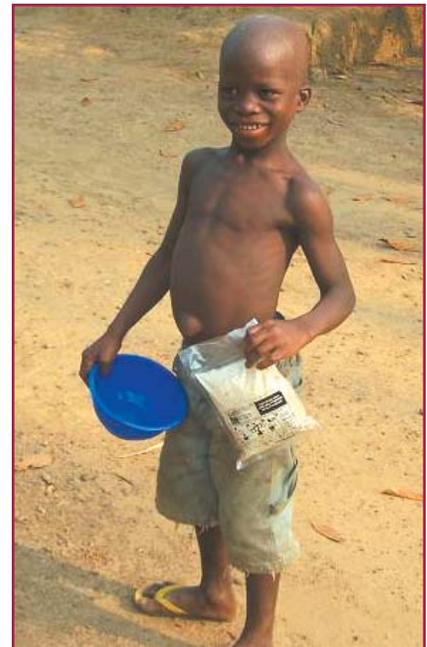

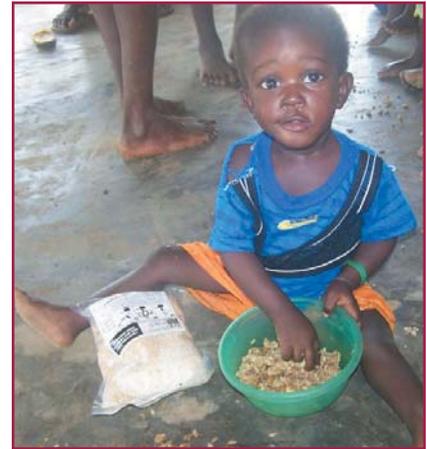

****Pray that as the Gospel is preached, many will receive it and respond to it to the glory of the Father.**

****From Pastor Peter Kiio in Kenya:**

Please pray for the people of Kenya as they are suffering from serious drought. Millions of Kenyans are threatened with starvation, without a lot of food stock remaining in drought-affected areas. Also that the people would come to know our Lord, Jesus Christ.

Please also pray for our indigenous pastors that we work with in Africa. For protection and strength as they battle against evil daily.

*Thank You
For Your Prayers!*
